

Time and Expense For Projects

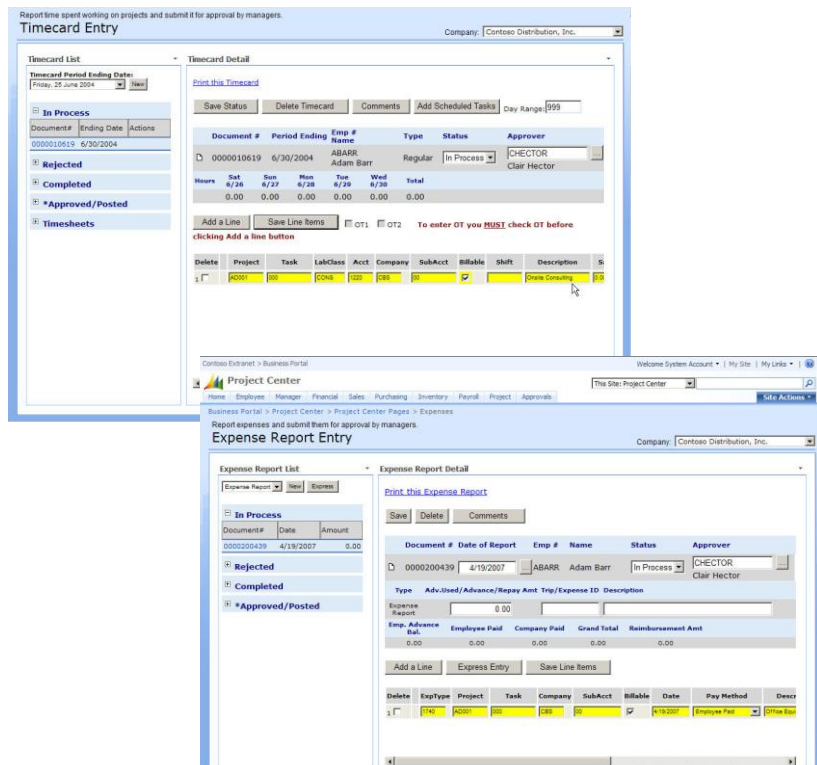

Microsoft Dynamics™ SL

BENEFITS

- Track project labor and expenses effectively**
 View and track labor and other expenses with a fully integrated solution that allows you to include labor costs in project profitability calculations. By using Web-based capabilities, employees can record labor, travel, and related expenses anytime, anywhere.
- Maintain a smooth workflow**
 Streamline the collection of labor and project expenses with timesheets and expense reports that can be entered remotely or via the Web, fully validated, and available for online project manager approval.
- Improve your view into project costs**
 Track labor and employee expenses easily on a project-by-project basis, with a complete overview of labor expenses and commitments that allows full drill-down to details.
- Enhance your productivity**
 Minimize errors and eliminate re-entry of data with tight integration of information across Microsoft Dynamics SL project accounting and financial management modules.
- Reconcile payroll accurately**
 Reconcile your payroll precisely by automatically integrating your timecards with Microsoft Dynamics SL financial management modules.

Take control of your labor, project, and travel-related expenses. Accurate, timely cost information gives you the precise information you need to increase your productivity and make better, more effective business decisions.

Capture time information, even from employees working remotely, with data automatically routed to the appropriate managers.

Record travel and other employee-related project expenses for prompt payment and reimbursement.
